This year, while we're all still limited in where we're able to go and when, Dublin Simon Community are inviting you to look abroad. Think of a location far away, one that you've always wanted to see, and challenge yourself by walking there!

You and your group, can pick a destination and set a goal of collectively reaching it by walking/running/jogging. You set the goal and set the time, you want to try and get to Paris by the end of the week or to Istanbul before the end of the month? Go for it!
